RECD BY THE CHIEF ENGINEER R&B
REGD NO 464
DATE 19-5-49
BANGALORE

D O No 646 Dated 16-6-49

14) returned with compliments, with the following observations -

a) The estimates are scrutinised and corrected to Rs 4500/- and Rs 11,000/- as already noted in para 4 supra

b) It is very necessary to adopt one uniform procedure whether it can be Trust Board, District Board, Municipalities or Public Works Department and with this object in view Government will sanction such estimates (including those of Public Works Department) after obtaining the technical opinion of the Chief Engineer

c) While working out data sheets for non-schedule items of work, it is reasonable to provide schedule rates for the materials and labour, local market rates and 15% contractor's profit on the total cost excluding the cost of material supplied departmentally Following this principle the data sheets submitted by the Chairman, City Improvement Trust Board have been scrutinised and the estimate is corrected as noted in para 1 above

d) It will create a bad precedent to increase the rates which are scrutinised and the very object of scrutiny will be frustrated if it is not followed The ends of justice will not be met if the estimates are returned without even pointing out the mistakes or departure from the usual procedure followed in the Department

e) If the Trust Board are satisfied that the contractors have worked day and night and completed the works and if the Trust Board feel that the contractors are hard hit on account of the reduction in rates and deserves consideration, the only way to make good the difference in the cost viz

viz , 500/- and 1000/- of the original amount estimates as scrutinised in this office is to pay the consideration ex gratia or as bonus This may be granted to the contractor in the form of bonus as a special case

Chief Engineer for Roads and Buildings

The Secretary to Government, General Department

---

15) submitted with a note —

fig c) The chairman, C D T Board, Mysore, Bangalore has submitted the following proposals for sanction.

fig R a) an estimate for Rs 5990 incidental to the expenditure incurred during the inaugural ceremony of the Jayamangala extension in Belgaum, by H E the governor general of India, as against the estimate for Rs 5,000 sanctioned in go d 25-8-48 (fig R) This may perhaps be sanctioned

NOTE—Contn Sheet

fig D b) estimate for Rs 5,000 ~~4,500~~ for the erection of an Ashoka

Serial No

pillar in connection with the inauguration ceremony of the above road extension has been scrutinised by the chief Engineer for Rs 4,500 & corrected to Rs 4,500 - vide para 4 of the notes

c) estimate for Rs 12,500 for the formation of a circle at the place has been scrutinised by the chief Engineer & corrected to Rs 11,000 - vide para 4 of the notes. | flg E

16) The chairman of the Board when ~~was~~ consulted as to whether the estimates for the works ~~referred~~ referred to in items b & c above may be sanctioned for Rs 4,500 & Rs 11,000, respectively, as scrutinised by the chief Engineer, has ~~replied~~ replied that, considering the difficult circumstances under which the works were carried out both day & night etc, the estimates | ~~flg F~~ x flg 7

Serial No

as submitted by him may be sanctioned and need not be reduced

17) The further remarks of the chief Engineer for R&B on the report of the chairman are noted under para 14 above

18) He says that it will create a bad precedent to increase the rates which are sanctioned and that the very object of scrutiny will be frustrated if it is not followed. It is further added that the ends of justice will not be met if the estimates are returned without even pointing out the mistakes or departure from the usual procedure followed in the Dept

19) He therefore recommends that the difference in the cost viz Rs 500 and Rs 1,500 between the original estimates and the estimates as sanctioned in his office, may be paid to the contractors in the form of bonus as a special case, of the

Vide para 14(e) of the notes) A

NOTE—Co t Sheet

Trust would feel that the contractors are hard hit on account of the reduction in rates

20) The remarks of the Chief Engineer seem to be reasonable and the estimates for the works referred to in para 15 (b) and (c) may be sanctioned for Rs. 4,500 and Rs 11,000 (respectively) only

21) As regards the suggestion of the Chief Engineer, referred to at 'A' in para 19 above, the financial secy may be consulted as to whether it is desirable to grant the difference in the cost of the estimates namely Rs 500 and Rs 1,500/- as bonus to the contractors

22) ~~The~~ In the above circumstances, the proposals referred

Office of the City Improvement Trust Board,
"Ranga Vilas", Seshadri Road,
Dated, Bangalore, the 10th February 1949

To

The Secretary to Government,
General Department,
Bangalore

Sir,

Sub - Bills for excess expenditure incurred in connection with the Inaugural Ceremony of Jayanagar Extension

Adverting to G O No I 1866-9/41 144-48-3 dated 25-8-1948 sanctioning the proposals of the Trust Board submitted to Government in this office letter No G 65/48 dated 31-7-48 and sanctioning an expenditure of Rs 5,000/- in connection with the Inaugural Ceremony, I have the honour to state that the Engineer Officer attached to the Board reports that the total expenditure in connection with the Inaugural function amounted to Rs 5,990/- as against Rs 5,000/- sanctioned by Government as per statement of expenditure enclosed and requests sanction thereto

2 As for formation of a Circle at the entrance and the erection of an Asoka Pillar at the place, the Engineer Officer has submitted detailed estimates for Rs 12,500/- and 5,000/- respectively The reports accompanying the estimates explain the details of the works executed The estimates are based on actual work done These estimates as well as actual bill of expenditure for the inauguration ceremony were placed before the Board for consideration at its meeting held on 21-12-1948 The Members were of the view that the work done in connection with the function had earned the appreciation of all people and that the works were executed at a very short time working day & night under extremely adverse weather conditions and the rates recommended by the Engineer Officer had to be accepted and paid

3 The Chief Engineer for Roads and Buildings also agreed that the works in this connection had been executed under very trying circumstances and as the Contractors were pressing for payment at least 50%, if not the whole amount should be paid subject to final adjustment

4 After considering all the matters in detail, the Board passed the following resolutions:-

"Resolved that the estimates submitted by the Engineer Officer in regard to the construction of the Asoka Pillar for Rs 5,000/- and the formation of the Circle for Rs 12,500/- be approved and sent to Government for sanction

That the estimates be charged to the Jayanagar Extension Scheme and included in the concerned estimates "

"That in view of the fact that work had been done nearly 4 months ago by Contractors under most trying circumstances that a part payment of 50% towards the bills may be made, subject to adjustment after sanction of Government was received, as a very special case "

"That the Board desired to place on record their high appreciation of the work turned out in this connection by the Officers & Staff and the Contractors, within a short time and despite the most unfavourable weather conditions and that this be conveyed to all concerned "

5 I accordingly request that as resolved by the Board, sanction of Government may kindly be obtained to the excess expenditure of Rs 000/- in connection with the Inaugural Ceremony as against Rs 5,000/- already ~~xxxxxx~~ sanctioned ~~xxxxxxxxxxx~~ and to the estimates for Rs 5,000/- and Rs 12,500/- for the erection of the Asoka Pillar and the formation of a Circle, submitted herewith. The cost on this account being charged to the Jayanagar Extension Scheme and included in the detailed estimates to be prepared in this behalf

6 Approval of Government may also be obtained to the action taken in having paid to the Contractors, ~~xxxxxxxxxxxxxxxxx~~ 50% of the estimated cost of the work done in connection with this, as the works were completed nearly 6 months ago and as the Contractors were pressing for payment

Yours faithfully,

C N Narasimha Rao

Dated Bangalore ೩೦ ಕ್ *194*೯

FROM

The Secretary to the Government of
His Highness the Maharaja of Mysore
General Department.

To

The Chairman,
City Improvement Trust Board,
Bangalore.

SIR

With reference to the correspondence ending with your letter No. G 501/48-49 dated 5-3-49 regarding the estimate for Rs 5,000/- for the erection of an Asoka Pillar and Rs 12,500/- for the formation of a circle inconnection with the inaugural ceremony of the Jayanagar extension, I am directed to state that the Chief Engineer for Roads and Buildings to whom the estimates had been sent for scrutiny, has reduced the estimate for the former work from Rs 5,000/- to Rs 4,500/- and that of the latter to Rs 11,000/-

I am to enquire whether the estimates, as reduced by the Chief Engineer, may not be sanctioned.

All the records received with your letter dated 10th February 1949 on the subject are returned herewith for necessary action and return with the reply very early

To

The Secretary to Government,
General Department,
Bangalore

Sir,

Subject - Estimate for the erection of Asola Pillar and the formation of the circle in connection with the inaugural ceremony of Jayanagar Extension

---

With reference to your letter No L 12114 dated 20-4-49 enquiring whether the estimates for the above works as reduced by the Chief Engineer may not be sanctioned etc, I have the honour to state that the Engineer Officer of the Board reports in his No 4862/48-49 dated 5th May 1949 that though the reduction in one case is Rs 500/- and in another case Rs 1,500/- which is not very much, yet considering the difficult circumstances under which the works were carried out both day and night in the pouring rains within a very short period of time, the estimates as submitted to Government by this Office may be recommended to be sanctioned without effecting the reductions made by the Chief Engineer It is further reported that the rates recommended in the estimates are very fair and that unless they are sanctioned as they are, the contractors who worked so willingly and co-operated with the Department to the utmost extent will be a hard-hit and put to heavy loss

I ~~accordingly~~ entirely agree with him and recommend that as a special case the rates recommended by the Board be accepted and the estimates as recommended by the Board sanctioned, the Chief Engineer being requested to reconsider the matter in view of the special circumstances explained in the Engineer Officer's report The Engineer Officer's report is enclosed for favour of reference

The records received with your letter under reference are herewith retransmitted

Yours faithfully,

HR KRR/-

Sir,

Re estimate for the erection of Ashoka Pillar and the formation of the Circle in connection with the Inaugural Ceremony of Jayanagar Extension

OFFICE OF THE CITY IMPROVEMENT TRUST BOARD
No 2713
5 MAY 1949
BANGALORE

With reference to your memo enclosing the letter No L 12114 dated 20-4-49 from Government on the above subject and calling for immediate note on the point raised by the Government that whether the estimates as reduced by the Chief Engineer may not be sanctioned etc , I have the honour to enclose herewith a detailed note submitted by the Assistant Engineer in charge of the connected works for favour of your perusal

From the corrections made by the Chief Engineer in the estimates, we find the reduction in one case only ~~viz.,~~ Rs 500/- and in another case, Rs 1,500/- This reduction is not very much

Considering the difficult circumstances under which the works were carried out both day and night in pouring rains within a very short period of time, it is strongly recommended that the estimates as submitted to Government from this office may kindly be sanctioned without effecting small reductions made by the Chief Engineer The rates recommended in the estimate are very fair and unless they are sanctioned as they are, the Contractors who worked so willingly and co-operated with the Department to the utmost extent will be hard hit and put to heavy loss

The Government may be requested to sanction the estimates as submitted by the Board

Yours faithfully,

ENGINEER OFFICER 5/5/49

Sir

SUB - Bills of expenditure incurred in connection with the Inaugural Ceremony of Jayanagar Extension

With reference to this office letter No G 451/48-49 dated the 10th February 1949 forwarding a statement of expenditure for Rs 5,990/- as against Rs 5,000/- sanctioned by Government for the above and requesting sanction of Government thereto, I have the honour to state that in the statement enclosed to the letter, a mistake has occurred by the omission of an item of expenditure of Rs 199-4-0 towards transportation of furniture etc Against this item, an expenditure of 112/- has been shown in the statement by mistake as against an expenditure of Rs 199-4-0 actually incurred The sum of Rs 112/- shown against Transport charges is the expenditure incurred for "Lunch charges" So, the total expenditure as stated in the letter above referred to is actually Rs 5,990/- as per correct statement now enclosed

This is purely a typographical error while fair-copying the statement and is very much regretted

Sanction of Government may kindly be obtained to the expenditure of Rs 5,990/- as already requested

Yours faithfully,

CHAIRMAN

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Read:-

Government Order No.L.1866-9/NL 144-48-3 dated 25th August 1948 sanctioning an expenditure of Rs.5,000/- in-connection with the inaugural ceremony of the Jayanagar Extension, Bangalore.

2. Correspondence ending with letter No.G.26/49-50 dated 15th July 1949 from the Chairman, City Improvement Trust Board, Bangalore, requesting sanction to the following proposals, as resolved by the Board at their meeting held on 21st December 1948:-

a) an expenditure of Rs 5,990/- incurred in connection with the inaugural ceremony of the Jayanagar Extension, as against the sum of Rs.5,000/- sanctioned in the Government Order read above;

b) an estimate for Rs.5,000/- for the erection of an Asoka Pillar in the said extension, during the occasion;

c) an estimate for Rs 12,500/- for the formation of a circle at the place, and

d) action taken in having paid to the contractors of the works referred to above, 50% of the estimated cost, as the works were completed long back and the contractor were pressing for payments

3. Un-official note No.646 dated 16th June 1949 of the Chief Engineer for Roads and Buildings returning scrutinised the estimates referred to in serials 'b' and 'c$ above for Rs 4,500/- and Rs.11,000/- respectively.

ORDER NO L 1752 5|RL 144-48-5

Dated, Bangalore, the 10th August 1949.
